

THE ROLE OF EDUCATION IN PROMOTING AND STRENGTHENING CITIZENS' RIGHTS

26 September 2017,
9.30-11.00
ASP 3 H 1
European Parliament

CONCEPT

Europeans are increasingly aware of their status as EU citizens and wish to enhance their knowledge about the rights derived from this status. However, many citizens still face problems when exercising these rights. Therefore, we need to continue our efforts to make sure that all EU citizens know their rights, and the mechanisms of their implementation, so that they can fully participate in the European democratic process. MEPs together with invited guests will focus particularly on the role of education, training, culture, and sport in promoting EU citizenship rights, active citizenship, and solidarity.
